Software developer and cybersecurity student with a strong Java foundation and a focus on computer networks and VAPT; Co-Founder & CTO at Okynus.tech.

Education

National Forensic Sciences University (Institute of National Importance) 2023 – Present
B.Tech–M.Tech in Computer Science & Engineering (Specialization: Cybersecurity) — CGPA 8.5 Gandhinagar, Gujarat

St. Mary's School 2021 – 2023
Class XII (ISC) — 90% | Class X (ICSE) — 94% Najibabad, Uttar Pradesh

Technical Skills

Languages: Python, Java, C/C++, JavaScript
Security: Burp Suite, Nmap, Wireshark, Metasploit
Tools & Platforms: Git, Docker, Linux, WSL, AWS

Experience

Okynus.tech Pvt. Ltd. 2024 – Present
Co-Founder & CTO

- Co-founded the company and lead it as CTO, taking an early project to a working product.
- Owned the architectural design and core technology research behind the company's DRM software.
- Built anti-piracy features protecting the rights, integrity, and confidentiality of digital content.

C-DAC (Centre for Development of Advanced Computing) 15 May – 30 Jun 2024
Cybersecurity Intern

- Performed hands-on ethical hacking and penetration testing across real-world scenarios and a live project.
- Built a keylogger that streamed keystrokes and periodic screen captures to a Command-and-Control (C2) server.

IDE Bootcamp — NEHU 11 – 15 May 2026
Participant Shillong, Meghalaya

- Completed a hands-on startup-building bootcamp led by industry experts; expanded a founder/mentor network.

Projects

Nanites — On-Device App Risk Auditor Android · Kotlin · GitHub

- Android app that audits installed applications entirely on-device, analyzing requested permissions and app components to surface over-privileged and potentially risky apps as a clear risk assessment.
- Privacy-preserving by design — all analysis runs locally with no app data leaving the device; built in Kotlin.

LearnLog — Interactive Learning Platform

- Interactive learning platform linking educators and students, organizing course content through a hierarchical file-system model.

Achievements & Certifications

- **Runner-Up, UptoSkills Startup-a-thon** — 2nd of 170 teams and 700+ participants across 150 universities.
- **C3iHub, IIT Kanpur** — selected and incubated under Cohort 6 of the Cybersecurity Incubation Program (SIIC, IIT Kanpur).
- **SSIP Gujarat 2.0** — incubation support under the Student Startup and Innovation Policy.
- **Certifications:** Belkasoft — Effective AI in DFIR (Dec 2025); AWS Academy Graduate — Cloud Developing (Jan 2026); AWS Academy Graduate — Cloud Security Foundations (Jan 2026).

Extra-Curricular

- NCC Cadet (2 GUJ Independent Company, Gandhinagar); half marathon (21 km) in ∼2 h 47 m; participant, IIC Regional Meet 2025 (VVP Engineering College, Rajkot).
